Dave Bacon

CONTACT INFORMATION

Box 352350
Department of Computer Science & Engineering
University of Washington
Seattle, WA 98195 USA

Voice: (206) 245-8978
Fax: (206) 616-6503
E-mail: dabacon@cs.washington.edu
WWW: www.cs.washington.edu/homes/dabacon

RESEARCH INTERESTS

Quantum computing, quantum error correction, quantum algorithms, quantum entanglement, decoherence, natural computing, fault-tolerant computing

EDUCATION

University of California, Berkeley, Berkeley, CA

Ph.D. from the Department of Physics, 2001

- Dissertation: "Decoherence, Control, and Symmetry in Quantum Computers"
- Advisor: K. Birgitta Whaley (Chemistry)

California Institute of Technology, Pasadena, CA

B.S. with honors, Physics, 1997
B.S. with honors, Literature, 1997

CURRENT POSITION

University of Washington, Seattle, WA

Research Assistant Professor, Department of Computer Science & Engineering **2006 - present**
Adjunct Research Assistant Professor, Department of Physics **2007 - present**

PAST POSITIONS

University of Washington, Seattle, WA **2005-2006**
Principal Research Scientist, Department of Computer Science & Engineering

Santa Fe Institute, Santa Fe, NM **2004-2005**
Postdoctoral Fellow

California Institute of Technology, Pasadena, CA **2001-2004**
Postdoctoral Scholar, Department of Physics and Institute for Quantum Information

HONORS AND AWARDS

Commencement Speaker, Yreka High School, Yreka, CA	2007
Outstanding Graduate Student Instructor Award, U.C. Berkeley	1998
Department of Physics Fellowship, U.C. Berkeley	1997-1998
Carnation Merit Scholarship (full tuition scholarship), Caltech	1995-1997
Frederic W. Hinrichs, Jr. Memorial Award for student leadership, Caltech	1997
Green Memorial Scholarship for creative research in science, Caltech	1997

GRANTS

NSF CCF, Award 06221621 2006-2009
"Microarchitectures for Quantum Computers"
Three years, $275,000. PIs: Mark Oskin and Dave Bacon

US Army Research Office/National Security Agency, Award W911NSF-06-1-037 2006-2009
"The Hidden Subgroup Conjugacy Problem and Beyond"
Three years, $300,000. PI: Dave Bacon

NSF EMT, Award 0523359 2005-2008
"Self-Correcting Fault-Tolerant Quantum Computers"
Three years, $400,000 plus $4000 REU. PIs: Dave Bacon and Mark Oskin

Service

Member of the American Physical Society, active in the APS topical group on quantum information:

Elected vice-chair of topical group (appointment terminating in chair position)	2008-2011
Member of the award committee of topical group	2007
Advisory board member and acting Secretary/Treasurer of topical group	2006-2007

Referee and Publications

Associate editor: ACM Transactions on Computation Theory, 2008-present
Journal referee: Science, Nature Physics, Physical Review A, Physical Review B, Physical Review Letters, Proceeding of the Royal Society A, Europhysics Letters, Journal of Physics A, Journal of Optics B, Physica A, Foundations of Physics Letters, Quantum Information Processing, Quantum Information and Computation, and New Journal of Physics, Information and Computation.
Conference referee: FOCS, STOC, CCC, QIP, and ISIT.

Conferences

Program Committee: QIP 2008
Local Coorganizer: SQuInT 2009
Co-organizer: student participation NSF ITR PI meeting (Ft. Lauderdale, FL), 2003
Student Co-organizer: SQuInT summer school (Santa Fe, NM), 2001.
Member: SQuInT executive committee 2006-present

Committees

Member: Advisory committee for Sandia Grand Challenge in quantum computing, 2007-present
Member: Provost appointed committee for establishment of a Molecular Engineering Program at the University of Washington. Education subcommittee lead. 2006-2007

Outreach

Blog: Member of Scienceblogs, Seed magazine's select blogging site, and maintainer of "The Quantum Pontiff" blog which covers quantum computing and quantum theory news. Web site: http://www.scienceblogs.com/pontiff

Member IEEE, ACM, SIGACT

Supervision

Postdoctoral Scholars

Thomas Decker, UW Department of Computer Science & Engineering, currently postdoc at McGill	2006-2007

Ph.D. Graduate Students

Gregory Crosswhite, UW Department of Physics, DOE CSGF Fellowship winner	2006-present
Paul Pham, UW Department of Computer Science & Engineering, on leave	2006

Masters Graduate Students

Yoshiro Toda, UW Department of Physics, Evening Masters Program	2006-present
Roger Wolfson, UW Department of Physics, Evening Masters Program	2007-present

Visiting Graduate Students

Andrea Casaccino, Department of Computer Science, University of Siena, Italy	2006

Undergraduate Students

Elizabeth Muhm, UW Department of Computer Science & Engineering and Department of Math, Washington NASA Space Grant winner	2007-present

William Johnson, UW Department of Computer Science & Engineering 2008-present
Alper Sarikaya, UW Department of Computer Science & Engineering and Department of Chemistry 2008-present
Thomas Patecky, UW Department of Computer Science & Engineering 2005-2006

Teaching

University of Washington

CSE 322: Introduction to Formal Methods in Computer Science (undergrad)	Spring 2008
CSE 321: Discrete Mathematics (undergrad)	Autumn 2007
CSE 326: Data Structures (undergrad)	Winter 2007
CSE 370: Introduction to Digital Design (undergrad)	Spring 2006
CSE 599d: Quantum Computing (graduate)	Winter 2006
CSEP 590: Quantum Computing (professional masters course)	Summer 2005

Summer Schools, Tutorials, Outreach, Guest Lectures

Quantum Error Correction Conference (USC) 2008
Tutorial on topological quantum codes and subsystem codes

CSE 471 guest lecture (University of Washington) 2008
Introduction to quantum computing and quantum architectures

CSE Professional masters program guest lecture (University of Washington) 2008
Introduction to quantum computing and quantum algorithms

CSE 471 guest lecture (University of Washington) 2007
Introduction to quantum computing and quantum architectures

Math Club talk, (Santa Monica, CA) 2005
Public lecture on quantum computing

Scuola di Dottorato in Ingegneria Informatica (Siena, Italy) 2005
Six summer school lectures introducing quantum computing

Santa Fe Institute Complex Systems Summer School (Santa Fe, NM) 2005
Introductory lecture on quantum computing

SQuInT Student Retreat (Tucson, AZ) 2005
Lectures on quantum algorithms

Computing Beyond Silicon Summer School (Caltech) 2004
Lecture on quantum information theory

SAGE Class on Physics and Information (University of Arizona) 2004
Introductory public lecture on quantum computation

SQuInT Student Retreat (Asilomar Conference Grounds, Monterey, CA) 2003
Two lectures on quantum error correction

Sophomore Quantum Mechanics, Upper Level Classical Mechanics (Caltech) 2003
Two lectures on quantum theory, one on classical mechanics

Quantum Information Science (MIT) 2003
Three guest lectures for graduate level quantum computation class

MSRI Introductory Workshop in Quantum Computation (Berkeley) 2002
Lectures on quantum error correction and novel quantum computation

Computing Beyond Silicon Summer School (Caltech) 2002
Lecture on quantum algorithms

Quantum Information and Computation Summer School (Univ. of Queensland) 2002
Lectures on quantum error correction and fault-tolerance

SQuInT Student Retreat (St. Johns College Santa Fe, NM) 2001
Lecture on universal quantum computation

Graduate student instructor (Berkeley) 1997-2000
Freshman honors mechanics (outstanding graduate instructor award)
Quantum mechanics for physics majors
Freshman mechanics for engineers

Book Reviews

1. D. Bacon "On 'Principles of Quantum Computation and Information. Volume 1: Basic Concepts."' Quantum Information and Computation, 5, 178 (2005)

Invited Contributions to Unrefereed Proceedings

1. D. Bacon, and A. Casaccino, "Quantum Error Correcting Subsystem Codes From Two Classical Linear Codes," Proceedings of the 44th Annual Allerton Conference on Communication, Control, and Computing, (2006)

Patents

1. K. B. Whaley, D. A. Lidar, J. Kempe, and D. Bacon,U.S. Patent #7,184,555 "Quantum Computation," Assignee: Magiq Technologies, Inc (2007)

Invited Talks

APS 2008 March Meeting Invited Talk (New Orleans)	2008
Princeton PCTP Seminar (Princeton)	2008
Asian Conference on Quantum Information Science (Kyoto, Japan)	2007
ARO Quantum Algorithms Program Review (Minneapolis, Minesota)	2007
University of Oregon, Department of Physics Colloquium (University of Oregon)	2007
Perimeter Institute Quantum Discussions Seminar (Perimeter Institute)	2007
MIT Quantum Information Processing Seminar (MIT)	2007
8th Annual Meeting of the SQuInT Network (Caltech)	2007
Condensed Matter / AMO Seminar (University of Washington)	2007
Georgia Tech Physics Colloquium (Georgia Tech)	2006
Reed College Physics Seminar (Reed College)	2006
Quantum Information seminar (University of Innsbruck, Austria)	2006
Condensed Matter / AMO Seminar (University of Washington)	2006
7th European QIPC Workshop (London, England)	2006
Computer Science & Engineering Colloquium (University of Washington)	2006
Quantum Information Meets Nanotechnology (Bell Labs, NJ)	2006
7th Annual Meeting of the SQuInT Network (Albuquerque, NM)	2006
Workshop on Ion Trap Quantum Computing (NIST Boulder)	2006
44th Annual Alerton Conference (Alerton House, IL)	2006
9th Annual Meeting of the APS Northwest Section (University of Puget Sound, WA)	2006
Institute for Quantum Information Seminar (Caltech)	2005
Computer Science Department Colloquium (Portland State University)	2005
Two Quantumlah Group Seminars (National University of Singapore	2005
Computer Science & Engineering Colloquium (University of Washington)	2005
6th Annual Meeting of the SQuInT Network (Tucson, AZ)	2005
Possible Paths Seminar (Santa Fe Institute)	2005
The Eighth Workshop on Quantum Information Processing (MIT)	2005
Center for Advanced Studies Seminar (University of New Mexico)	2004
Quantum Information and Quantum Control Conference (University of Toronto)	2004
DARPA Workshop on Quantum Error Correction (Chicago)	2004
Perimeter Institute Seminar (Perimeter Institute)	2004
Solid State Seminar (Oregon State)	2004
Los Alamos Quantum Lunch Series (Los Alamos, NM)	2003
Quantum Information Processing Seminar (MIT)	2003
5th Annual Meeting of the SQuInT Network (Santa Fe, NM)	2003
US-Australia Workshop on Solid State and Optical Approaches to QIS (Sydney, Australia)	2003
MSRI Quantum Algorithms and Complexity Conference (Banff, Alberta)	2002
Toronto Quantum Information Seminars (University of Toronto)	2002
Quantum Information and Computation Summer School (University of Queensland)	2002
The 6th International Conference on QCMC (MIT)	2002
Quantum Technologies Seminar (JPL)	2002
Institute for Quantum Information seminar (Caltech)	2001
31st Winter Colloquium on the Physics of Quantum Electronics (Snowbird, Utah)	2001
Quantum Computing Program Review for DARPA/ARO/NSA (Baltimore, MD)	2001
2nd Annual Meeting of the SQuInT Network (University of New Mexico)	2000
